Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?		
<p>C225 is the fill of C224. The cut we defined as a stick hole. The soil inside is clean and softer. Easy to find the shape of the cut.</p>
