Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context? (Additional sketches may be drawn here if required).

The cut was found when we excavate C214 (A layer of animal disturbed.) The cut is vertical. The soil inside is soft and clean. Easy to find the shape of the cut. Probably it's a stick hole.
