Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?

This context contains only neolithic materials, indicates it is a deposit from pre-historic time. The nature of C793 is the same as C208, also possible similar to C705.
