**Discussion:** Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?  
 Yellow clay came out and at the bottom of context, there are some charcoal came out, so change the context to C405. and also came out some holes (6~7)
