<p>Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?</p> <p>C234 is the fill of C206. C206 is the enclosure we excavated last season. In this season we try to find the extension the east side of the trench. We found it extend to the east side about 1.5m and the limit go outside of the trench. There is a slope exist right after the end of the enclosure. There's finds found in the fill as pottery CBM, bone, shell and chipped stone.</p>
