<p>Discussion: Consider: What is it? What is your interpretation rationale? How does this context relate to surrounding contexts? Have there been post-depositional processes? Are there special characteristics of this context? How was this context formed? What do you think is the origin of this context?</p> <p>Yellow clay come out and small hole at west and east side and at the middle of north side, come out lots of pottery at CBM, soil color more dark brown than C404.</p>
